## EDUCATION

Graphic Era Hill University, Dehradun

B.Tech - Computer Science and Engineering -

2021 – present

Dehradun, Uttarakhand

R.L.K Public School, Khatima

12th UBSE - **Percentage** - 83.6%

2021

U.S.Nagar, Uttarakhand

R.L.K Public School, Khatima

10th CBSE - **Percentage** - 67.3%

2019

U.S.Nagar, Uttarakhand

## INTERNSHIP

Salesforce Virtual Internship(Developer Set):

July 2024 - Aug 2024

- Completed a Salesforce Virtual Internship, gaining hands-on experience in developing and customizing Salesforce applications.
- Engaged with real-world scenarios to build efficient CRM solutions using Apex, Approval Process Specialist, and Salesforce workflows.
- Strengthened skills in database management, object-oriented programming, and debugging within the Salesforce ecosystem.

## PROJECTS

Fake News Detection

- Designed and implemented a classic Tic-Tac-Toe game using JavaScript.
- focusing on user interface design and interactive gameplay mechanics.

Color Detection

- Developed a computer vision-based system to detect and classify colors in images with an accuracy of 98%.
- Utilized OpenCV library and detect color using RGB values and euclidean value.

Heart Disease Prediction Model

- Created a predictive model using logistic regression to evaluate 3 key patient characteristics, leading to the identification of over 200 high-risk patients and informing targeted health initiatives for early intervention.
- The model enabled accurate predictions of the 10-year risk of future coronary heart disease (CHD), facilitating early interventions and improved healthcare outcomes.

## TECHNICAL SKILLS

**Languages:** C, C++, HTML, CSS, JavaScript, Java

**Technologies/Frameworks:** React, JavaScript

**Developer Tools:** VS Code, Eclipse

**Operating System:** Windows, Linux

## Strengths

Goal Oriented

Flexible/Adaptable to the situation

Open mindedness

## HOBBIES

Travelling

Reading Light novels
